

WHAT ARE YOUR PRIORITIES FOR...

# PLAY IN EASTER CARMUIRS PARK?

Green Action Trust, working in partnership with Our Place Camelon & Tamfourhill, has received funding from the Community Renewal Fund for a project to identify play opportunities in Easter Carmuir's Park.

In March - May 2022 we worked with local school children, had discussions with local residents at a pop-up 'play in the park' event, and engaged with participants at the Twilight Sports Sessions to develop a series of suggestions for actions and projects which could make the park a more inclusive, inspiring and play-ful place.

We would like to know what you think of these emerging ideas for play opportunities.

HOW COULD EASTER CARMUIRS PARK BE A

## MORE PLAYFUL PARK?

Overleaf are 12 play opportunities that we've identified through engagement activities to date. We would like you to tell us what is most important to you, and how you think we should prioritise or develop these ideas.

- Please rank these from 1-12 in order of your priority, with 1 being your top priority project.
- You can put a cross against any projects you feel are not appropriate, useful or positive in any way.
- You can drop off completed forms at the Forth Valley Sensory Centre or the Tamfourhill Community Hub by Friday 24th June 2022.
- The images with descriptions can be seen and commented on Facebook, search [play ECP](#)
- Please feel welcome to email [playECP@gmail.com](mailto:playECP@gmail.com) to add detail or general comments.

These ideas aim to support positive transformation for all in the park.

Based on your feedback and priorities, this study will identify a series of projects focused on play, as a way to support funding applications to improve the play provision within the park.
